Pursuant to Section 23-8-8(e), Code of Alabama 1975, all municipalities are required to have an annual written report detailing expenditures made from their Rebuild Alabama Act fund during the past fiscal year and the status of each project included in the previous year's transportation plan.

During the past fiscal year we did not use any money from the Rebuild Alabama Act fund, nor have we started any projects that will use money from that fund.

On December 31, 2024, we had about \$64,000 in this account that must be used on roads. This is to be presented at the first meeting in January and posted on the town website.
